Applied Mathematics, Engineering, and Physics (AMEP) is an interdisciplinary bachelor of science degree program focusing on math, physics, and an area of Engineering. AMEP is a substantial degree yet it can be completed in four years with early planning. AMEP is for students with broad interests in mathematics, physics and engineering.

Applied Mathematics for Engineers and Physicists by Louis ...

Engineering physics, or engineering science, refers to the study of the combined disciplines of physics, mathematics, biology, social science, and engineering, particularly computer, nuclear, electrical, electronic, aerospace, materials or mechanical engineering. By focusing on the scientific method as a rigorous basis, it seeks ways to apply, design, and develop new solutions in engineering.
