P-99: Ninety-Nine Prolog Problems werner.hett@bfh.ch or werner.hett@gmail.com The purpose of this problem collection is to give you the opportunity to practice your skills in logic programming. Your goal should be to find the most elegant solution of the given problems. Efficiency is important, but logical clarity is even more crucial.

P-99: Ninety-Nine Prolog Problems

Prolog Questions. 1: write prolog program to search book by book_title ,by book_author, by book_edition Using. recursion. Hint: your input must be from above mentions, your rule must recursively find the book and. display the complete book information as provided in facts. Facts: book(b_name,b_authmb_edition) search_book() :-

Prolog Answers - Assignment Expert

First, welcome to Prolog! I think you'll find it rewarding and enjoyable. The books I routinely see recommended are The Art of Prolog, Programming Prolog and Clause and Effect.I have Art and Programming and they're both fine books; Art is certainly more encyclopedic and Programming is more linear. I consult Art and Craft a lot lately, and some weirder ones (Logic Grammars for example).
