The Engines Of European Integration

In The Engines of Integratio, the first full-length study of delegation in the European Union and international politics, Mark Pollack draws on principal-agent analyses of delegation, agency and agenda setting to analyze and explain the delegation of powers by governmental principals to supranational agents, and the role played by those agents in the process of European integration.

The Engines of European Integration: Delegation, Agency ...

Mark A. Pollack. The Engines of European Integration. Delegation, Agency, and Agenda Setting in the EU. Mark A. Pollack. Description. The European Union is composed of its fifteen member governments, yet these governments have chosen repeatedly to delegate executive, judicial and legislative powers and substantial discretion to supranational institutions such as the Commission, the Court of Justice, and the European Parliament.

The Engines of European Integration - Mark A. Pollack ...

The second part of the book focuses on the role of supranational agents in both the liberalization and re-regulation of the European market, and suggests that the Commission, Court and Parliament have played a causally important role alongside member governments as the 'engines of integration', but that their ability to do so has varied historically and across issue-areas as a function of the discretion delegated to them by the member governments.

The Engines of European Integration: Delegation, Agency ...

The perception that the Commission is a driving force of European integration might therefore be due to a selection bias in empirical studies. The results of the empirical analysis of the Commission's legislative agenda-setting activity between 1979 and 2007 are consistent with the implications of this view.

The Engine of European Integration 080402

The Engines of European Integration: Delegation, Agency, and Agenda Setting in the European Union By Mark A. Pollack The subtitle warns the reader that this detailed and exhaustive study of the EU's institutions relies heavily on the literature and language of political science, specifically the models developed by the "rational choice" school.

The Engines of European Integration: Delegation, Agency ...

One of the most influential theories of European integration is neofunctionalism, developed by Ernst B. Haas (1958) and further investigated by Leon Lindberg (1963). This theory focuses on spillovers of integration, which leads to more integration.

European integration - Wikipedia

Pollack (2003) has emphasised that the European Commission, the European Parliament and the European Court of Justice have all played an important, albeit varied, role as engines of European integration alongside the governments of the Member States. It is true that the powers of agencies are more limited than those of these three institutions.

European Agencies and Epistemic Communities: Engines of ...

HISTORY OF EUROPEAN INTEGRATION. The process of European integration, in which we currently participate, was launched soon after the end of the World War II. It relies on tragic experiences connected with the largest and also most tragic armed conflict in human history, caused by Nazi Germany. After the war, in Europe, and more specifically in its western part, there arose conditions favourable for the start of a new, planned integration of the countries of the Old Continent.
