metaphor which  
Varoufakis uses to  
describe the world  
economy from the  
mid-1970s to the 2008  
crash and beyond. He  
argues that the global  
economy since the  
1970s can be viewed  
as being built around  
the financing of the  
twin deficits of the  
United States - its  
trade deficit and  
government deficit.
