Just as when a body weakens it becomes more susceptible to infection, the same thing happens with regard to a god virus.

God Virus, The: How Religion Infects Our Lives and Culture ...

"The God Virus, presents the reader with a telling analysis of religious belief as a memetic force that behaves in a manner similar to a biological virus, working within the infected host, individual and collective, to further its own survival and propagation, often to the detriment of that host. This metaphor is uncannily apt and illuminating.
