groups of people.
Introverts are easily
overwhelmed by too
much stimulation from
social gatherings and
engagement,
introversion having
even been defined by
some in terms of a
preference for a quiet,
more minimally
stimulating external
environment.

Introverts like to take their time to reflect on and process a decision properly so that they can choose the best course of action that they won't later regret.

4. Introverts are generally better listeners. The “quiet ones” tend to really listen and consider the ideas and feelings of others.
